

C-LPC

- **Housing to accommodate our low profile system outlets and isolators**
- **Compact housing design**
- **Does not cover the output connectors**
- **Made of flame retardant ABS-material in white colour**
- **Knock-out holes at housing sides for cable exits**

Overview

The C-LPC is an ABS-housing designed to accommodate our low profile system outlets and isolators (TRIS, VQ, TSA etc). The isolator can be pushed onto the bottom plate, which has mounting holes at commonly used positions. After that, the cover can be mounted. The C-LPC does not cover the output connectors, only the input connector is covered.

Specifications

Equipment Approval	CE
